

Bursaries at Monkton

We are able to offer a variety of bursaries according to circumstance and level of need:

Transformational bursaries are life-changing bursaries, designed to help those most in need. Often providing recipients with a safe place away from challenging circumstances, these bursaries aim to fully support students throughout their time at Monkton (for example, we currently support three pupils from war-torn countries).

Springboard Bursaries: We partner with the Royal Springboard Foundation (RSF) to offer a fully-funded boarding place to at least one disadvantaged pupil per year. Monkton works closely with RSF to find a pupil that will thrive within our learning environment.

Christian Leadership Bursaries provide Sixth Form places for young people from missionary and clergy families, who would benefit from the exceptional pastoral and academic support offered at our school (for one of our current CLB students, Monkton provides them with the opportunity to assimilate back into life in the UK after living abroad, before heading to University).

General bursaries are available to support families who would not otherwise be able to afford to send their children to Monkton. All bursaries are means tested and reviewed annually.

The Hardship Fund ensures that all pupils have a holistic, fulfilling experience through receiving extra support for field trips, uniforms and pursuit of personal interests to name a few.

Bursaries at Monkton

You can make a difference

Bursaries at Monkton

Since our foundation, Monkton has supported children from war-torn countries, missionary families and from challenging social or economic backgrounds. We offer a safe place for these children to thrive, whilst creating a diverse and vibrant school community that enables them to thrive.

Monkton Thinks Differently. Our aim is to inspire young people to become courageous, kind and ambitious adults who live fulfilling lives. We do this through a proactive pastoral approach, rooted within the Christian faith. For many of our pupils this has transformative benefits, for some this is only possible through the support of a bursary. It is through the generous support of our Monkton community that we can provide these life-changing bursaries.

This year, we are supporting students on full bursaries, and many more through our wider bursarial support. Thanks to the generosity of our Monkton community, this number has been able to grow from just 2 pupils in 2016.

"Bursaries give us the opportunity to really change the lives of particular children who otherwise might not be able to come to Monkton. They're always students that have a significant impact not only in this community, but far beyond it too."

Chris Wheeler, Principal

Making A Difference

The significance of bursary support, along with gratitude for the opportunities that they provide, can be greater appreciated when acknowledged by the pupils themselves. Here's what some of our current students have to say:

"The best thing here is I feel like you have the opportunity to grow up more, and you know more about yourself, how to be kind to yourself too."

Year 11 Pupil

"The framework of the school, the one on one teaching, the support from your houseparents, alongside all the other staff in the school, provide brilliant support if you've got any challenges with anything."

Year 12 pupil

"The best thing about Monkton is the whole sense of community. Everyone was so welcoming, it made it so easy for me to settle in and I didn't feel like I had to be someone else, they just accepted me for who I was."
